[illegible] ad [illegible] de fine et [illegible]

ad intendendum et ita est de voluntate inclinata ad finem
et mediate in principio / sed in 2o libro non fuit
quod in potentia non sint principia et inclinatio
ergo in potentia non sunt finis proprium et finis bonum
non statuendus et quando dicitur ut intenti de fine
sed id non est nobis et non eius alicui in potentia in-
tus sed in actu non est determinatus et ideo quia
in non est eorum etc. assuescit esse bonum / sed
ad aliud et ad aliud finem non statuendum
assuescimus studiosi et proprium esse quod dicitur
in 3o huius quod 3o qualiscumque est sicut qualis est
et finis videtur ei etc. sed cum ista vires
non sunt naturales nec homini in eius operatione
virtutis naturaliter sicut dictum quod duplex est finis in
humanis actionibus scilicet unus proximus et ultimatus
alius medius et ad ultimum finem ordinatus
ergo licet Thomas quod finis naturalis non sit nobis
naturaliter determinatus / sed idem sic velle et primo proprium
felicitatis humane sicut dicitur appetendi / nos propter hanc
eius non scilicet quod est quod appetimus et delectabiliter / tamen
sunt eius speciale non scilicet considerando quod sit vita ...
dicitur felicitas quod appetitur et delectabiliter tamen scilicet sit
delectatio contra vel humana servitute et honore
utrumque virtutis tamen ad quaeque / sed secundo considerare
humanus finis aliquis non est nobis naturaliter determinatus
sic quod semper per effectus principales
consequitur ... sed si consequitur per se / sed non est naturaliter
determinatus quia Thomas dicit et medio quando
... intellectus naturaliter et ratio et appetitus bonum
... virtutem delectabilissimam et sic velle
... quod consequentur / quoniam naturaliter ... ... quod
sibi et nec pollicentur ... et planius
dando sibi principium / per quod attingere valeant
ad ipsum bonum / multos magis ... quod naturaliter dicit
hominibus principium per quod determinari possint ad
ipsum bonum attingendum et prosequendum / sed tamen non
possint ... ... pervenire ad ipsum eius bonum
nisi per rationem / ut Seneca epistola clarum
ad Lucillum / nullum bonum sine ratione et ...
in epistola ad Alexandrum / eos qui quilibet ...

virtute / et tamen habent omnes volunt tangere ... contra
eos et ipsos laudamus eos tamen quod sunt nomine
tales fiunt / tales contrarios eos et assuefacimus bestiales
quaeritur quod ad dictum est per huius vero n. et ad oppositum
dispositione non naturaliter ... quod principium vero actionis
habemus non naturaliter determinat. ut dicit Seneca epistola
... ... non
... / sed quod finis in agibilibus quod principium vero
